Vol. 4, No. 24

EDMONTON, ALBERTA, FRIDAY, JUNE 13, 1952

FOURTH TIME FAVORITE — Winsome Eve Arden has been voted the best radio comedienne of the year for the fourth consecutive time, by the nation's radio listeners. The poll was taken by Radio and Television Mirror Magazine. Applauded equally by critics, the glamorous Eve is the likeable "Connie Brook," the school-marm of Madison High school on that delightful Sunday show, "Our Miss Brooks." "Our Miss Brooks" is heard each Sunday at 3:30 p.m. on CERN.

A Letter To Parents

CROSSFIELD — Our annual picnic has been planned for June 15. This picnic has reached such proportions that the teachers feel that we no longer can take the responsibility for unescorted children. We therefore ask that all children be accompanied by at least one parent or other responsible person.

The Sunday School will provide ice cream, lemonade and tea for everyone. Each family is asked to bring sufficient lunch and table settings for themselves. The lunch will then be placed as in other years.

Everyone is asked to meet at the church at 11. From there we will proceed to St. George's Island. Those not having transportation meet there also and it will be arranged. It would be appreciated if those having extra room and those needing transportation would notify their children's teacher.

Thank you. — United Church Sunday School Teachers.

Card of Thanks

We wish to express our sincere thanks and gratitude to the many friends and neighbors, for their kindness and sympathy shown us in the sad bereavement of our dear brother Walter.

The Havens Family.

In Memoriam

In fond and loving memory of our dear mother, Effie Cameron, who died in Calgary, June 12, 1949.

May the winds of Heaven blow gently.

On that quiet and hallowed spot: Where the one we loved lies sleeping.

Who will never be forgot.

— Inserted by her son Dan and Christie.

CROSSFIELD BOY WINS CONTEST

CROSSFIELD — "It Happened On the Farm," written by Raymond Hehr, won the Farm Safety Essay Contest No. 1, conducted in Grades V and VI. He was awarded a plaque and a safety clasp pin. Raymond is the son of Mr. and Mrs. Godfrey Hehr.

The school superintendent is X. P. Crispo, and the teacher Mr. Wm. Pauls.

IT HAPPENED ON THE FARM

One night when Mr. and Mrs. Brown were sleeping a fire broke out in their home. The fire started by having the heater turned up too far. The stove exploded. Mr. and Mrs. Brown got out of the house only with their night clothes on. They went to call the fire engine, but when they came back there was no house left. The whole house burned down in half an hour. They lost everything in the house. They

didn't have any insurance on it, so their four thousand dollar home was a complete loss.

Fires of this type are frequent and dangerous. The Browns should have shut off the stove, so the fire wouldn't burn so hard, before they went to bed for the night. After they noticed the fire they could have thrown a fire bomb at it so would go out. They could have opened a window so the smoke could get out. He should have had at least two pails of water in the house on a night like that to use to put out the fire.

People who wish to be safe from fires should have fire extinguishers and five gallon pumps. The people should shut off their stove before they go to bed.

Everybody should carry insurance on their house, so they could get some money back to buy lumber to build a new one.

Red Deer Boy Weds Crossfield Girl

CROSSFIELD — Beautiful baskets of cut flowers flanked the altar of the United Church, which was the setting for a very pretty 4 o'clock wedding on Friday, June 6, when Rev. Ball heard the marriage vows, in a single ring ceremony, exchanged between Doreen Viola, elder daughter of Mr. and Mrs. Jim Laut of Crossfield, and Harold Edward, son of Mr. and Mrs. W. J. Service of Red Deer.

The bride, given in marriage by her father, entered the aisle to the strains of Lohengrin's Bridal Chorus, played by Miss Pat Budgeon.

For her gown she chose a semi-formal aquamarine taffeta, featuring moulded bodice with double collar and bouffant skirt. She wore a three-quarter length veil which was caught in place with a floral bandeau and carried a lovely bouquet of red Talisman roses.

Her two attendants, Shirley English and Mary Laut, sister of the bride, chose semi-formals of pale yellow and mauve with harmonizing bouquets of yellow and mauve daisies.

The groom was supported by his brother, Melvin Service and Donald Lupt. The guests were ushered to their seats by Donald Laut and Lawrence Service, groom's brother.

During the signing of the register, Miss Pat Budgeon played "I'll Walk Beside You".

The bridal party and bride's parents received their guests, who numbered 50, in the Memorial Hall, where the W.A. of the United Church served at the reception in the basement. The tables, in the form of a horseshoe, looked very attractive, the bride's table featuring a lovely wedding cake flanked with candles and dainty cut flowers. Mr. Ball proposed the toast to the bride, to which the groom suitably responded.

For the reception the bride's mother wore a floral gown, yellow corsage and white accessories.

The out-of-town guests included Mr. and Mrs. Andy Vander Velde, Mr. and Mrs. O. L. Ladd, and Mrs. Don Yule, both of Queenstown, Alta.; Mr. and Mrs. Pat Onstead, Airdrie, Alta.; Mr. and Mrs. W. J. Service, Mr. and Mrs. R. W. Service, Mr. and Mrs. W. L. Service and Lawrence Service, all

Shower Honors Bride-Elect

CROSSFIELD — Interwoven streamers of mauve and white made a pleasing canopy for the honored chair of bride-elect Louise Miller, who was feted at a miscellaneous shower on Saturday, June 7. She was assisted by Miss Anna Ruddy and Miss Pat Budgeon in the opening of her gifts which were presented in a basket of mauve and white trim, by little Terry and Earl Robinson, who delighted everyone in the pleasing manner in which they made their many little wagon trips of precious cargo.

Louise voiced her sentiments of thanks to all in well chosen words.

Mrs. Ableman and Mrs. F. Ruddy, groom's mother, presided over the tea urns at a very attractive table of silver, graced with lilac centre, and mauve and white candles. Beautiful lilac bouquets and pots of fern decorated the United Church parlor in which the shower was held, and convened by Mrs. Garnet O'Neil and friends of the family.

A song parody on Jim and Louise was sung by Mesdames Casey and Budgeon and the Misses Shiela Casey and Joyce Jensen, and much laughter ensued as it contained a general history of the couple's meeting, etc. A delicious lunch was served to around 50 guests.

Garden Club Girls Receive Top Honors

CROSSFIELD — Evelyn Banta, 15 years, and Lavonne Becker, 16 years, both Crossfield girls, were successful in the High River competition in bringing back top honors, and will attend the judging competition held at Olds on the 28th, 29th and 30th June, which will decide the winning Garden Club team for competition in Toronto.

This was won by Marjory Banta and Joanne Conley last year.

of Red Deer; M. G. Service, Gleichen, Alta.; Mr. and Mrs. R. M. Brooke, Ponoka, Alta.

On leaving for their honeymoon in Banff, the bride donned a light blue suit with matching accessories. The happy couple will reside in Exshaw after their return.

Group Journey To Bowden

CROSSFIELD — Mrs. Grace Budgeon, DDP of District No. 10, together with three PNG's, Mrs. Edlund, Mrs. Hurt and Mrs. N. Fox, journeyed to Bowden where Helping Hand Rebekah Lodge was entertaining their official visitor at a regular meeting on June 3. They reported a very good time and arrived home in the wee small hours of the morning.

Mrs. C. Fox, Mrs. Claude Deeks and Mrs. S. Hutchings attended an Eastern Star session in Banff for a few days last week.

Justice Rebekah Lodge sisters met in regular form on Wednesday last, downstairs in the Masonic hall, while their brother Odd Fellows entertained the DDP of No. 45 upstairs at a regular meeting. The Memorial Day this year is set for Aug. 17 (please mark your calendar), and it is hoped that interested parties will keep this in view.

After both meetings concluded, the Rebekahs and Oddfellows served a delicious lunch with Bill Walker, NG, as master of ceremonies. He called on the guest DDP Dr. Shore and various others for a few words, which were much enjoyed.

Voters Approve Hospital Costs

DRUMHELLER — Voters in Drumheller Municipal Hospital District Saturday voted about 80.5 per cent in favor of a by-law for a maternity wing and additions to the present hospital to the value of \$200,000.

The maternity wing will be constructed to accommodate 18 beds and 20 bassinets. The present hospital will be remodelled, including the replacing of a wooden stairway with one of steel, remodelling and enlarging of X-ray room and conversion of the third floor for staff living quarters. In the basement, provision will be made for a pediatric unit. The laundry will be rebuilt and more equipment added. The nurses' quarters on the second floor will be remodelled to allow for more patient accommodation.

With two polls of 24 to be heard from, unofficial figures were 647 in favor, 146 against and 12 rejected. Due to the cold weather there was a light vote.

Calf Club Honors Go To Crossfield Boy

CARSTAIRS — On Wednesday, June 5, a calf club show was held in Carstairs, with the various members present with their animals, all in wonderful condition and quite manageable.

Bernard McArthur walked away with honors as his calf won first in competition with all clubs and entitled him to Reserve Championship ribbon; he also won first for Crossfield Club, and this honor made him the proud possessor of a very nice wrist watch from the Canadian Bank of Commerce and was presented by Brock Campbell, manager.

He won also for showmanship and later his beef was sold at 75c per lb., and weighed approximately 800 lbs.

Father's Day 1952

Forty-two years ago Mrs. John Bruce Dodd was the driving force in starting Americans to celebrate Father's Day. Since 1910 the third Sunday in June has been observed as Father's Day, although it is not usually declared a legal holiday. This year Father's Day comes on the 15th of June.

Each year on Father's Day, emphasis is placed on a closer father-child relation as a means of building a better world. In the average family in Edmonton or any other community in Canada the father is away from the home during the major portion of the day. Children do not have an opportunity to become as well acquainted with their father as they do with their mother.

All of us realize how important it is to the proper development of a child to have the sympathetic guidance of "Dad." Too often fathers, weighted down with the responsibility of making a living, fail to devote enough of those precious moments to the youngsters.

The important role that a father plays in moulding the character of his children has been recognized through the ages. Aristotle wrote, "From good parents comes a good son."

"One father is more than a hundred schoolmasters."—George Herbert.

"Character is largely caught, and the father and the home should be the great sources of character infection."—Frank H. Chaley.

End of Newspaper Monopoly in Sight?

It seems as if Edmonton's daily newspaper monopoly is not going to last forever. At present rumors are current of a large Toronto daily having looked over the field with a view to publishing a second daily in this city. What truth there is in the report is not clear yet, but it is reported that a large business block in the centre of the city has been purchased by the Toronto firm.

Developments have not gone beyond this stage yet, but it is not likely that a large newspaper firm has bought a business block in the city for warehouse purposes. There has been a strong feeling in the public mind that a city of 165,000 should not be dependent on a single medium of news service in the daily field. This feeling is growing as time passes and the city of Edmonton spreads out further and further under the pressure of rapidly growing population.

One of the 165,000 Edmonton people who did not buy out the old Edmonton Bulletin, according to his own statement, is Walter MacDonald, Publisher of the Journal. Mr. MacDonald has just come home from a number of meetings in Toronto. Walter probably knows more about the newspaper situation than anyone else but, like the daisies, he won't tell.

Let Them Pick Their Own Wives

(From the Calgary Albertan)

The defence department in Ottawa should do something about the bigotry and prejudice that apparently prevail in the Canadian army headquarters in Japan.

A young Alberta man, the first from these parts to enlist for the Korean war, married a fine, upstanding Japanese girl, with the approval of his family. But it seems the army authorities won't recognize the marriage and the girl cannot come to Canada. So, although he was due for repatriation a long while ago and has a most distinguished military record, he is still there. He won't leave his wife.

Canadian soldiers are mature enough to pick their own wives. If this girl is good enough for the man and his family and if he is good enough for her and her family, her race or color should be of no concern to the Canadian army. Where's the freedom these fellows are supposed to be fighting for?

Mother Shipton's Poem

By T. W. PUE

Over 200 years ago, a woman reputed to be a witch, wrote a poem which, with her self-acclaimed powers of prophecy, she set out to fortell the future, and specifically mentioned one date—1936.

She said in her poem, written over two centuries ago, that "then shall mighty wars be planned and fire and sword shall sweep the land." This has since been only too true.

Think of the annihilation of Poland, the invasion of Finland, with its white-robed ski troops in the forests, the invasion of Norway, with troops hidden in mountain forests when you read about people who "flee to the mountains and the dens, the bog and forest and wild fens."

The reader might also recall the utterances by world statesmen on war aims and reconstruction of society after the war as he reaches the end of the poem where Mother Shipton concludes with "old worlds shall die and new be born."

MOTHER SHIPTON'S POEM

A carriage without a horse shall go,
Disaster fill the world with woe.
In London Primrose Hill shall be;
Its centre hold a Bishops See.
Around the world men's thoughts shall fly
Quick as the twinkling of an eye.
And waters shall great wonders do—
How strange, and yet it shall come true;
Thro' Towering hills proud men shall ride
No horse nor ass move by his side.
Beneath the water men shall walk;
Shall ride, shall sleep, shall even talk;
And in the air men shall be seen,
In white, in black, as well as green.

A great man then shall come and go
For prophecy declares it so.
In water iron then shall float
As easy as a wooden boat;
Gold shall be found in stream or stone,
In land that is as yet unknown.
Water and fire shall wonder do.
And England shall admit a Jew,
The Jew that once was held in scorn.
A home of glass shall come to pass
In England—but alas, alas!
A war shall follow with the work
Where dwells the pagan and the Turk.

This States will lock in fiercest strife
And seek to take each other's life.
When north shall thus divide the south
The eagle build in lion's mouth.
Then tax and blood and cruel war
Shall come to every humble door.
Three times shall lovely, sunny France,
Be led to play a bloody dance,
Before the people shall be free.
Three tyrant rulers shall she see;
Three rulers, in succession, be—
Each sprung from different dynasty.

Then, when the fiercest fight is done,
England and France shall be one.
The British olive then shall twine
In marriage with the German vine.
Men walk beneath and over streams—
All England's sons shall plow the land.
Shall oft be seen with book in hand.
The poor shall now most wisdom know,
And water, wind where corn doth grow,
Great houses stand with far-flung vale,
All covered o'er with snow and hail.

And now a word in uncouth rhyme
Of what shall be in future time;
For, in those wondrous far off days,
The women shall adopt a craze
To dress like men and trousers wear,
And cut off all their locks of hair.
They'll ride astride with brazen brow,
As witches do on broomsticks now.
Then love shall die and marriage cease,
And nations wane as babes decrease,
And wives shall fondle cats and dogs
And men live much the same as hogs.

In nineteen hundred and thirty-six,
Build houses light with straw and sticks.
For then shall mighty wars be planned,
And fire and sword shall sweep the land.
But those who live the century through
In fear and trembling this shall do.
Flee to the mountains and the dens,
To bog and forest, and wild fens—
For storms shall rage and oceans roar
When Gabriel stands on sea and shore;
And when he blows his wondrous horn,
Old worlds shall die and new be born.

JUNE 1952 LIVESTOCK SURVEY

How many livestock are there in Canada? How many of these are dairy and how many are beef animals? What is the acreage seeded to grains in Canada in 1952? How much of this acreage is seeded to wheat and to feed grains? These and a host of other questions can best be answered by asking the farmers of Canada.

Therefore, each year at this time, the Bureau of Statistics in co-operation with the provinces distribute questionnaires to farmers throughout Canada so that every farmer may have the chance to supply information about acreage and livestock on his own farm.

The June crops and livestock survey is a voluntary one. Many farmers supply information every year and this year again all farmers are urged to co-operate in the survey. The object is to get a large number of completed reports back to the statistical offices as soon after June 1 as possible.

The individual reports will then be grouped together and estimates of acreages and livestock numbers will be made for each province across Canada. The 1952 estimates will be related to the census figures of June 1, 1951 and it will be important to know what changes have occurred since then.

The statistics obtained from the June Survey are an essential part of agricultural statistics in Canada. They form the base for the crop production estimates later on in the year and the livestock numbers are used to determine meat consumption in Canada and supplies available for export. Government bodies, farm organizations, industry and international organizations such as the Food and Agriculture Organization use the figures extensively.

All schedules returned by farmers are kept strictly confidential. The individual forms are seen only by employees in federal and provincial statistical offices.

Voice of the People

WHEN CHILDREN SUFFER WHY TEACH?

I say to the judges who try cases such as that recent one in New York, where a savage beast of a mother beat her child severely with an Army belt as her husband just stood beside her: there is only one way to do justice to such scoundrels. Tie up such so-called mothers and fathers and have them beaten in the same way, repeatedly, until they both are unconscious or dead. A lash for a lash, judge!

JAKE YABLONSKI.

SEES US SKIDDING

The social problem group, the unemployables and ne'er-do-wells, are begetting a large percentage of our next generation—more than ever before, since previous generations were not coddled by government housing projects, unemployment compensation, baby bonuses, old-age pensions, relief, etc. The situation is all the more insidious because it occurs so slowly. For this trend to show appreciably might take a century. When will we reverse this trend—or shall we retrograde to a nation of morous?

FOR CRIPPLED CHILDREN

The Associated Canadian Travellers have concluded another successful season of Search for Talent.

The ready response of Northern and Central Alberta weeklies to accepting and publishing news releases of the activities in connection with Search for Talent and the ACT Northern Alberta Crippled Children's Fund, has been a major factor in assuring the success of our public service in the interests of needy crippled children.

Consequently, more needy children will be healthier and happier due to your interest and co-operation.

T. A. SHANDRO.

Secretary-Treasurer,
Edmonton ACTP.

Everybody wants short hours, high pay, quick promotions, easy work and holidays with pay. If you are looking for a job like that, remember that so is everybody else. If you find such a job, you'll be lucky. If you find two, let us know about the other one.

Teaching as a career gives one some degree of each of these desired job qualities. The actual working hours are short—not over 35 per week. Additional work is always self-controlled in the sense that you can work the assignments after 4 o'clock or after supper—you have a choice. The pay is not as high to start as is that of some other jobs, but it keeps rising with experience. For a young person considering a life work, that future look is often neglected and is very important. Your parents will tell you how short four or five years between the ages of 20 and 25 look from their present age. To the person of 19 it seems like all of time!

As anyone knows, pay and hours aren't everything about a job. Do you like to be your own boss? From 9 o'clock until 4 every day, a classroom teacher is. She decides what to do, how to do it and when to do it. There isn't everybody meeting down her neck, and saying, "Now do this," or "Just stop that work you are doing and come over here." Besides being her own boss a teacher learns how to work with people, especially with children. The training teachers get is the best of training for motherhood. The harried parent who wonders what to do next often envies the teacher who can deal with 20 or 40 of these human dynamos. Any man is smart to choose a girl with such training for his wife.

So, why teach? Because you serve society as a teacher, because twenty years from now your influence on young lives will pay off, because it is work which requires initiative and intelligence. If you care only for a big starting pay cheque, with little future prospects, with risky and itinerant work, don't look at teaching as a job. But if you would like to improve yourself as a person and as a possible parent, if you would like to leave your mark on the world, indelibly printed in the lives of young people, then choose teaching as a career.

THE LIGHTER SIDE

A Real Landlord

During the critical housing sit-
uation, all new tenants were re-
quired to undergo a minor third
degree by the landlord. On one
of these occasions, the apartment
seeker suddenly realized that he
in no way qualified for the va-
cancy.

"Do you have any children or
pets?" asked the landlord.

"One girl and a small poodle,"
was the reply.

"Sing or play a musical instru-
ment?"

"I play the piano," answered the
crestfallen applicant.

"Drink or have parties?" he
continued with the quiz.

"Once in a while," the appli-
cant admitted.

"By George!" replied the land-
lord. "I believe you're just the
man I'm looking for. This place
has been like a graveyard lately!"

Perfection

A man who had been a bachelor
most of his life finally married
and settled down. One day he
met a friend who had known him
in the old days and the friend
asked him what he thought of
married life.

"Well," replied the benedict.
"I married the girl of my dreams
and she was worth waiting for.
She still is as beautiful to me as
the day that I met her. Her hands
are always white and soft. Her

hair is never untidy and her
clothes are always in the very
latest "style."

"So you don't regret giving up
your single life and getting mar-
ried?" said the friend.

"No," was the reply, "but I can
tell you one thing—I'm getting
pretty tired of eating in restau-
rants."

Not Enough Evidence

The owner of a tavern was
prosecuted for selling a bottle of
whisky after the closing hour, a
bottle similar to that sold was
produced in the courtroom as evi-
dence. After the jury had heard
the evidence and had retired to
deliberate the foreman returned
to the courtroom.

"Your Honor," he said to the
judge, "the jury are quite satis-
fied as to the sale of the bottle,
but they are not sure of its con-
tents. May they have that bottle
to satisfy themselves?"

"Certainly," declared the judge.
After a brief period the jury
filed back into the box again.

"Well, gentlemen, have you
reached a decision?" asked the
judge.

"There's no case, Your Honor,"
replied the foreman. "There
wasn't enough evidence to go
around."

ALONG THE SKYLINE TRAIL — Along the skyline trails and through the fabled passes of the Canadian Rockies this July, 130 "dude riders," straddling their securely saddled cayuses, will view some of the most spectacular scenery on the continent. The "dudes" are Trail Riders of the Canadian Rockies, an organization founded by J. Murray Gibbon, well-known author and former general publicity agent for the Canadian Pacific Railway, and during the last two weeks in July will participate in five-day and six-day rides in the Egypt Lakes - Marmon Ridge area of the Continental Divide near Banff, Alta., jumping off point for the expeditions. The five-day ride, starting July 18, costs \$65 per person and the six-day jaunt, beginning July 25 costs \$75, which includes horse, saddle equipment, teepee accommodation, meals and guide service. All riders are eligible for membership in the 29-year-old Trail Riders organization.

Track Meet Held On Friday, June 6

IRRICANA—The track meet between Beiseker, Irricana and Kathryn was held on Friday, June 6, at Irricana. Following are winners of buttons for most ribbons obtained in racing, high jump, broad jump and relay:

Girls under 8 — Margaret Wright, Beiseker.

Boys under 8 — Ewald Lang, Leveland.

Girls under 10—Gay Schmaltz, Beiseker.

Boys under 10—Allen Bertram, Irricana.

Girls under 12—Barbara Hendricks, Irricana.

Boys under 12—Aloys Sander, Beiseker.

Girls under 14 — Bernice Schmaltz, Beiseker.

Boys under 14—Gerald Lepper, Herbert Spencer.

Girls under 16—Maxine Mixdorff, Kathryn.

Boys under 16—Dale Snyder, Kathryn.

Girls open — Louise Schmaltz, Beiseker.

Boys open — Howard Geier, Kathryn.

Stan McKay Fractures Arm

KEOMA — Stan McKay broke his arm in three places while cranking a tractor on his farm on May 30. He was rushed to Calgary Hospital by his brother, Mr. Vern McKay.

The graduation dance held in Keoma Hall Friday May 30, by the Kathryn High School was a success. Graduates were: Miss Mary Randall of Keoma; Mr. Howard Geier, Keoma; Miss Eva Stone, Kathryn; Miss Alma Jean Goodrich of Kathryn; Mr. Alton McAllister of Delroy; and Miss Delphne Rholl of Delroy. Mr. Workman, the principal, wished them every success, while Mr. Knight, their teacher, presented each one with a K.H.S. pen.

Mr. and Mrs. C. Geier are home from the hospital after spending a few days there with pneumonia. The harvest is about 100 per cent completed in this district. There is still some of last fall's crop to be harvested.

The Car — It's Here! It's Here!

BEISEKER—The Lions raffle car has arrived at last. So why not drop around to Louis' Garage and have a look at it. The curtain will be going up on either Friday or Saturday, so why not feast your eyes on this beautiful 1952 Airway Blue, Styleline Special four-door Chev. sedan. When you see some lucky donor drive off with this wonderful bargain, you'll probably say to yourself, why couldn't I have won that luxurious new automobile? Well, remember, you can't win this car unless you get a ticket, by giving a small donation of money to any ticket salesman.

Now these proceeds will be divided equally between the Beiseker Lions Band, and the Memorial Fund to defray expenses the Band encounters in giving Free band lessons to anyone wishing to take advantage of them and toward the installation of running water in the Memorial Hall. Also remember people of Beiseker and district, residents must keep up the community at any rate and this is one way of doing it. So get out and get your ticket or tickets while they last, because the supply is limited. When the ticket sale reaches 1,000 tickets, the raffle is closed, and no more tickets can be had at any price. So, on sports day, Wednesday, August 6th, when the draw is made, are YOU going to be the fella going down the street with the weary feet, or down the street perched on that seat.

The erection of the various structures which are needed for ideal sports grounds will begin very soon. Everyone who is physically able, and can spare the time, are requested to give their name to Mr. Matt Schmaltz, so that they may take an active part in erecting these buildings.

Mr. and Mrs. R. McKay are sporting a new Plymouth car.

Seeding is about 100 per cent completed in this district. There is still some of last fall's crop to be harvested.

A large number turned out to examine the work done by the pupils during the year. During the evening selections were played on the piano by Miss Jennie Grandi. PATH THROUGH ROCKIESEDMONTON—The roar of bull-
dozers and the thunder of dynamite
blasts are breaking the
silent monotony of the Rocky
Mountains as construction crews
carve a path for the Trans-Moun-
tain oil pipeline from Edmonton
to Vancouver.Clearing and grading crews of
Comstock Midwestern Co. Ltd.
have pounded out a 43-mile strip
of the line grade east and west of
Red Pass Junction, 225 miles west
of Edmonton.Construction gangs will need
about 900 tons of blasting powder
to run the big ditch through the
Rockies.Besides the clearing job, a 4,000-
foot landing strip is being hacked
out of dense forest to provide a
field for the company's airplanes.Clearing gangs are still at work,
but already scores of railway flat-
cars are shunting back and forth
over the mountainous terrain
dropping off pipe lengths for the
line. Pipe-laying crews are as-
sembling at Jasper and Red Pass
Junction for operations which
start June 1.

650 Men Working

At the height of construction,
650 men will be working on the

Found In AlbertaEDMONTON — Nearly 60 rat
colonies have been found in south-
central Alberta just inside the
Alberta-Saskatchewan boundary.This was reported by W. A.
Lobay, provincial supervisor of
crop protection, in an address to
a service club.About 57 rat colonies have been
found in the Empress and Provoost
areas, Mr. Lobay said. Extensive
work to control the rats is being
undertaken by agriculture de-
partment field men.The Universal
InvocationFrom the point of Light within
the mind of God
Let light stream north into the
minds of men.
Let Light descend on Earth.From the point of Love within
the Heart of God
Let love stream forth into the
hearts of men.
May Christ return to Earth.From the centre where the Will
of God is known
Let purpose guide the little wills
of men.
The purpose which the Master
knows and serves.From the centre which we call the
Race of men
Let the Plan of Love and Light
work out.
And may it close the door where
evil dwells.
Let Light and Love and Power
restore the Plan on Earth.This prayer is accepted by all
faiths and creeds: It is said by
orthodox Mohammedans and Hin-
doos as well as Christians of many
creeds. Of course the Mohom-
medans use the name familiar to
them for the "Coming One" whom
we call the Christ. Hindoos also
pray for the appearance of the
Lord Maitreya. Most religious
sects expect a Saviour, but, use
their own name for the expected
One.As the Lord's Prayer has united
the difference sects of the Chris-
tian faith; so is this Invocation
uniting all who believe in God.All who know this Invocation
are sounding it forth to make
mighty appeal to God on Sunday,
June 8. You can join them, silent-
ly, at home, or at a Public Meet-
ing held at 3:00 p.m. in the
Masonic Temple.Our broad land: It is 4,543
miles from St. John's, Nfld., to
British Columbia's Prince Rupert.

LETTERS TO LOUISA

Dear Louisa:

My husband is a salesman and is with people practically all day long, so that when he comes home he is perfectly satisfied to eat his dinner, listen to the radio, read and go to bed.

I have plenty of time to read and listen to the radio during the day after I finish my housework, so I am ready in the evening to go to the movies or somewhere else.

Do you think it right for me to insist on his going out when I know he would rather stay home or should I put up with being bored to death half of the time?

A.G.

Answer:

It seems to me that you and your husband could compromise on this problem. Why don't you go to the movies in the afternoon

and join a club that meets during the day. Then tell your husband that if he will give you one or two evenings during the week, you will let him rest in peace for the remainder of the week. Plan these evenings, in advance, and for times you think he will enjoy them most.

There are a great many women who would be delighted to have a husband who was satisfied to stay home with them every evening instead of hunting outside excitement and, as your husband is contacting people all day, one can understand how relieved he is to get away from them for a while. You might suggest to him, however, that social contacts are a help to most salesmen and this may influence him to be more sociable.

LOUISA.

Award New Contracts On \$3,000,000 Outlay

New road contracts amounting to \$3,000,000 have been awarded by the Alberta highways department, forming part of its \$17,500,000 main-road construction program for this year.

Already work has started in various parts of the province as crews take advantage of weather conditions.

One of the largest contracts was for \$657,109 for a stabilized gravel base course on a 51-mile stretch from Tees Corner to Stettler.

Estimated to cost \$321,925, grading and other work will be done on a 16-mile strip from Delia to Hanna, in southern Alberta.

Grading and other work on 23 miles of the northern road between Dixonville and North Star at a cost of \$276,815 also will be undertaken immediately.

The program also includes building of a stabilized gravel base roadway east of Beiseker to Drumheller, at an estimated cost of \$979,651.

A contract for \$473,662 on the construction of a 1,000-foot reinforced concrete girder bridge over the South Saskatchewan river at Medicine Hat also has been awarded.

Work also is being started on construction of gravel base and asphalt surface on 22 miles of road in the Lundbreck-Bellevue and Coleman-Crowsnest area.

New Talent Star To Be Born At Devon Oil Show

DEVON—When an oil well is found in a new field, it is termed a strike or discovery. Now, the oil industry in Alberta, through the Devon Oil Show Association, is about to make a different kind of discovery. At the Oil Show being held in Devon July 3, 4 and 5, a new star in the entertainment world will be born. This will take place through the Talent Show to be held nightly with Stan Francis, of "Share the Wealth" fame as Master of Ceremonies.

The presentation, to be known as the "Fame and Fortune Show," will be held in Devon's Flare Pit, an amphitheatre under the stars, which seats 6,000 people.

Twenty-five contestants will compete in the three nights with the finalists from each night competing in the last half of the program Saturday for the grand award. The grand prize will be a week's all-expense trip for two to New York, with an opportunity to audition for some well-known radio show. Prizes will be given each night as well. Because of the nature of this contest, only single or duet acts which would have radio appeal are acceptable, such as vocal, instrumental, impersonations, etc. As only 25 contestants can appear, the acts will have to be screened in advance by Stan Francis, who will be in Devon well in advance of the show dates. This is not the usual type of amateur or popularity contests, as only the very best talent that is possible to find will take part, and a panel of adjudicators will decide the winners.

Talented persons wishing to appear should contact Mr. B. D. Storer, Secretary, Devon Oil Show Association, Devon, Alberta, immediately by phone, collect, or letter.

This, plus an audience participation feature, is the entertainment highlight of the Devon Oil Show. On display in the Oil exhibits will be machinery used in

You Having Cow Trouble?

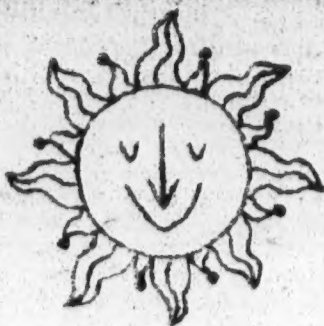

URBANA, IL.—If you have a cow that's too short for milking by machine, just stand her on a plank. This suggestion comes from William Hopkins, He's Dairy Herd Improvement Association tester in McDonough County. He said that when a cow's udders hang low, it causes the suction hoses to kink so that the milker won't work.
